

4th LAS EU Functions Course

FELASA accreditation ID: Fo56/16

October 1-11, 2018

Laboratory for Research of the Musculoskeletal System
School of Medicine, National & Kapodistrian University of Athens
KAT Hospital, Greece

The Laboratory Animal Science European Union Functions Course covers the Modules which are necessary for people who perform the four functions, as stated in Article 23 of the Directive 2010/63/EU: (a) carrying out procedures on animals; (b) designing procedures and projects; (c) taking care of animals; or (d) killing animals, and additional task-specific Modules.

Modules	Species: mice, rats	Speakers
1. National and EU Legislation		P Alexakos
2. Ethics, animal welfare and the Three Rs (level 1)		P Andriopoulos
3. Basic and appropriate biology – species specific (theory & skills)		E Balafas
4. Animal care, health and management – species specific (theory)		V Baumans
5. Recognition of pain, suffering and distress - species specific		I Dontas
6. Humane methods of killing (theory & skills)		E Douni
7. Minimally invasive procedures without anaesthesia – species specific (theory)		M Foa
8. Minimally invasive procedures without anaesthesia – species specific (skills)		S Haralambous
9. Ethics, animal welfare and the Three Rs (level 2)		ZI Kakazanis
10. Design of procedures and projects (level 1)		T Karatzas
11. Design of procedures and projects (level 2)		M Katsiboulas
20. Anaesthesia for minor procedures		N Kostomitsopoulos
21. Advanced anaesthesia for surgical or prolonged procedures		P Lelovas
22. Principles of surgery		K Marinou
23. Advanced animal husbandry, care and enrichment practices		J Meijer
Additional: Animal Models		V Ntafis
		A Papalois
		M Pavlidis
		T Sergentanis
		A Tsingotjidou
		T Xanthos
		P Ypsilantis
		A Zacharioudaki

Organizers

Ismene Dontas, DVM, PhD,
Professor of Experimental Surgical Research,
Director, Laboratory for Research of the Musculoskeletal
System, School of Medicine, University of Athens
Nikolaos Kostomitsopoulos, DVM, PhD,
Senior Research Scientist, Head of Laboratory Animal Facilities,
Biomedical Research Foundation of the Academy of Athens

Course Coordinators

Argyro Zacharioudaki, DVM, MLAS
Pavlos Lelovas, DVM, MSc, PhD
Theodoros N. Sergentanis, MD, PhD

Supported by

The language of instruction is English.
Registration on a first come, first served
basis. The Course covers Functions A, B, C and D.
Certification for ACD Functions only is available if
desired.

Certificates issued after successful evaluation.

The Course provides 72 CME-CPD credits by
the Panhellenic Medical Association

Registration fee: 500€

Deadline for registrations: July 30, 2018

Hellenic Society of Biomedical
& Laboratory Animal Science
